

Dear Madam, Sir,

The Interreg Central Europe project GeoPLASMA-CE, fostering the use of shallow geothermal energy use in Central Europe is coming to an end. The partnership proudly announces the dates and venue of the final project conference:

Final Conference GeoPLASMA-CE

May 21st - 22nd 2019
Konzert- und Tagungshalle Nikolaikirche
An der Nikolaikirche 1
09599 Freiberg (Germany)

The conference will focus on sharing the main results of GeoPLASMA-CE, such as potential mapping, field measurements and strategies to foster the use of shallow geothermal energy and will be listed as event under the EUSEW 2019 Energy Days¹.

Tuesday, May 21st:

- Session 1 Welcome address and introduction to the European Shallow Geothermal Market
- Session 2 GeoPLASMA-CE - results and outcomes
- Excursion Immersing in a 3D model - Explore the virtual subsurface

Wednesday, May 22nd:

- Session 3 Country reports: Comparing Shallow Geothermal Markets in Europe

A detailed programme can be found at the registration website.

The conference aims to bring together stakeholders and experts from regulatory bodies, industry and research institutes from the GeoPLASMA-CE regions and abroad.

The attendance at the conference is free of charge. The conference will be held in English.

Please register via Eventbrite https://final_conference_geoplasma-ce.eventbrite.de before May 3rd, 2019. If you need any assistance in planning your travel to Freiberg or in any logistic matters, please contact Konstanze Zschoke (zschoke@geoenergie-konzept.de).

We would also like to draw your attention to further events taking place in Freiberg from May 22nd to May 24th ([BVG Workshop](#) and [geoENERGIE Tag 2019](#)) linked to shallow geothermal energy use.

Sincerely,

Your GeoPLASMA-CE Team
