

# ENERGY@SCHOOL ON AIR

Time flows ... and we have reached the end of the second school year in ENERGY@SCHOOL project. The most important issue of the following Newsflash is the report of Partners Meeting in Hungary and photo report regarding events and trainings for Juniors and Seniors involved in Project. So enjoy reading!

## 4<sup>th</sup> Partner Coordination Meeting and 3<sup>rd</sup> study visit in Szolnok and Ujszilvas

The Meeting took place from 19<sup>th</sup> to 21<sup>st</sup> March 2018 in Szolnok and Ujszilvas, Hungary and gathered all representatives of 7 countries involved. The meeting aims were to go through the mid-term review, update the list of main task and sightsee important places related to Renewable Energy Sources in Hungary during study visit. At the meeting Joint Secretariat representative - Mr Jose Valic was present as well. Here we attached a few photos of the meeting.

*PV plan in Ujszilvas*

## Activities for Senior and Junior Energy Guardians

Our Project Partners have organized various events connected with training sessions for Seniors and also Juniors during 2017/2018 school year. See our photo - report

*Training activities in Italy*

*Juniors from Klagenfurt*

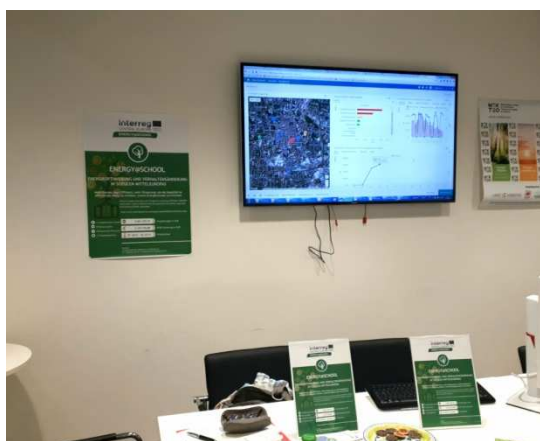

*Study visit in Bydgoszcz, Poland*

*Training activities in Szolnok, Hungary*

## Smart meters installation

Smart meters in Klagenfurt, Austria

Some of Partners have already installed smart meters system and devices in involved schools. They assist school staff and students in every day energy monitoring and helps encourage them to save energy also in their houses. Look at the 1<sup>st</sup> photo report.

Thermostatic valves in Celje, Slovenia

Smart meter in Ujszilvas, Hungary

## Next meeting in Germany

The coming 5th Coordination Meeting, 5th Steering Committee Meeting and 4th Study Visit will take place in Stuttgart, Germany from 12<sup>h</sup> to 14<sup>th</sup> November 2018. Preparations of meeting are on-going and Project Partners are looking forward to it. So see in Stuttgart soon !
