Summary description of the pilot action (including investment, if applicable) explaining its experimental nature and demonstration character

The improvement of cross border tariffs is established in two ways depending on target groups.

Commuters:

Extension of the IDOL tariff to neighbouring countries on lines with higher numbers of passengers. The IDOL tariff includes a wide portfolio of tickets, including season tickets and tickets purchased via electronic payment instruments. The pilot project is the restart of bus line 691 with the extended IDOL tariff to Zittau (DE) and Świeradów-Zdrój (PL)

Irregular passengers and tourists:

Euro-Nisa Ticket (since 2004 as Libnet+)

Ticket development in the areas of:

- time range of tickets (1 or 3 days)
- cooperation with subjects of tourism and leisure activities
- extension of the territorial validity of the ticket
- tickets via mobile applications

The new product should start from 1 April 2021.

NUTS region(s) concerned by the pilot action (relevant NUTS level)

CZ051 - Liberecký kraj

CZ042 - Ústecký kraj

DED2D - Landkreis Görlitz

PL515 - Jeleniogórski

Investment costs (EUR), if applicable

N/A

Expected impact and benefits of the pilot action for the concerned territory and target groups and leverage of additional funds (if applicable)

Commuters:

- Wide range of ticket portfolio,
- Transfer ticket to the whole Liberec region + the extension of IDOL tariff areas
- Advantageous fare for regular commuters (7, 30, 90 days)

Tourists - ENT ticket

- Tickets valid in three countries, no language barrier
- Additional tourism services included in the ticket price
- Children up to 15 years included in the ticket price

Sustainability of the pilot action results and transferability to other territories and stakeholders.

- The product should be transferred to the whole borderland - Poland and Saxony at the same time 1 April 2021.
- The model is applicable in other similar border regions of the three countries in Europe.

Lessons learned and added value of transnational cooperation of the pilot action implementation (including investment, if applicable)

Cooperation between all countries from the beginning of the project is essential. Cross-border cooperation during the COVID pandemic era is challenging and really difficult, because all of the long-lasting plans for future are backed up by solving the pandemic situation.

Contribution to/ compliance with:

- relevant regulatory requirements
- sustainable development - environmental effects. In case of risk of negative effects, mitigation measures introduced
- horizontal principles such as equal opportunities and non-discrimination

Green deal for Europe 2050 - 90% reduction of the greenhouse gas emissions in traffic.

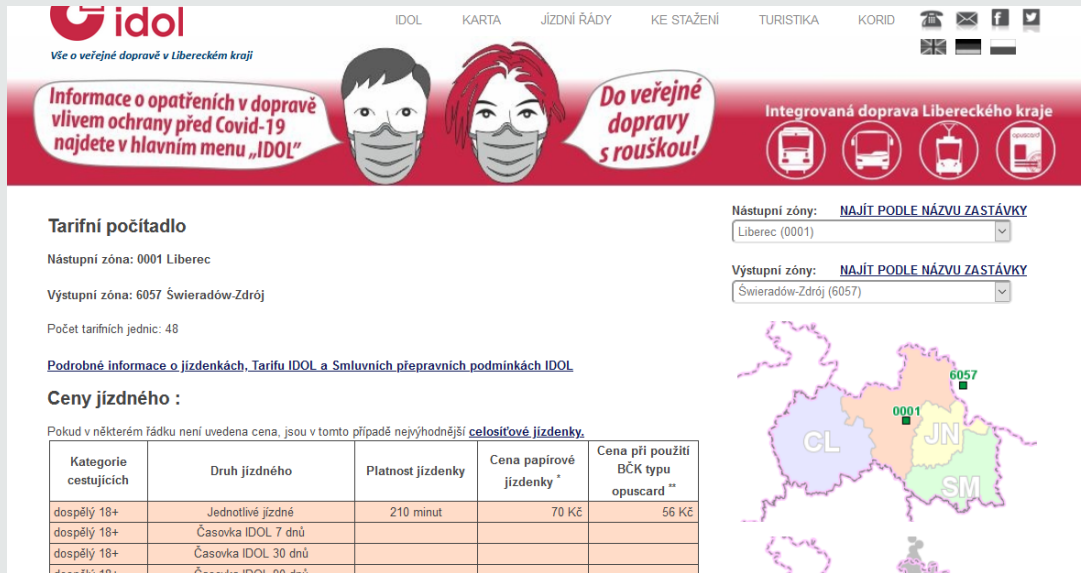

Offering the ticket for Euroregion Nisa/Neiße/Nysa increase the attractiveness of the public transportation and reduce the number of cars on the roads.

The better tariff offer has a positive impact on equal opportunities by offering smoother public transport service for all of the passengers without any barrier of social status, nationality, economical situation, or health disabilities.
