

TOGETHER

Workshop
**Leveraging Behavioural Change for Energy
Efficiency in Public Buildings**

4 June 2018

#cooperationiscentral #EUSEW2018

Venue
Regione del Veneto
Avenue de Tervuren, 67
1040 Brussels

The workshop is organized within the **Interreg CENTRAL EUROPE Project called TOGETHER (Towards a Goal of Efficiency Through Energy Reduction)**.

The TOGETHER project aims at promotion & dissemination of the concept of integrated energy management in public buildings, also by involving building users in the process and giving them opportunity to follow real-time energy consumption through the installation of smart meters.

During the event the participants will have a **unique opportunity** to get familiar with:

- **holistic vision of a building**, considering it not only as a structure but also a set of functions, processes and people using it;

- innovative concepts for managing energy in public buildings, involving **data analytics** and users **empowerment**;

- **innovative tools** developed within the TOGETHER project supporting active users engagement in energy management processes;

- practical cases related to the so called **Demand Side Management**, i.e. the modification of consumers' demand for energy through various methods such as incentives and education.

Apart from listening to the inspiring presentations, the participants will have an opportunity to take part in the **networking session** with the representatives of project partners. Together they will discuss the best ways of motivating building users to engage in energy-saving efforts and of using smart metering systems to ensure this change.

The workshop is part of the **European Sustainable Energy Week** and will be followed by a **thematic stand at the Energy Fair on the 6th of June** (Residence Palace, Rue de la Loi 155-Brussels). You are kindly welcome to visit us also there!

The event is organized in cooperation with the Veneto Region, Brussels Office.

Behaviour matters!

PROGRAMME

09:30 Registration

10.00 Welcome of the Veneto Region

Mr Marco Paolo Mantile, Director of the Veneto Region Office

10.10 Presentation of the Interreg CENTRAL EUROPE Programme

Mr Matija Vajdić, Joint Secretariat, Austria

10.20 Climbing TOGETHER towards Energy Efficiency

Mr Antonio Zonta, TOGETHER Project Manager, Province of Treviso, Italy

10.40 Smart meters solutions for supporting energy saving programmes based on the engagement of the buildings stakeholders

Prof Peter Virtic, University of Maribor, Slovenia

11.00 The relevance of smart meters solutions and users' driven approaches for the energy efficiency in public buildings

Ms Patrycja Plonka, Association of Municipalities Polish Network "Energie Cités", Poland

11.20 The Living Lab Concept and Approaches (to be confirmed)

Mr Alun Jones, Representative of the European Network of Living Lab for the Coventry University

11.40 Behavioural Demand Side Management: incentive schemes, educational tools and building alliances for energy saving

Ms Maja Sunjic, City of Zagreb, Croatia

12.00 BREAK

12.20 Networking session: TOGETHER Partners' experiences in introducing smart metering systems in buildings and using them for leveraging behavioural change

1. Energy talk with the Energy Agency Vysočiny (CZ), the City of Zagreb (HR) and the University of Maribor (SI)
2. Energy talk with Association of Municipalities Polish Network "Energie Cités" (PL) and Municipality of XII District of Budapest, Hegyvidek (HU)
3. Energy talk with the Municipality of PAKS (HU), the Slovak Innovation and Energy Agency (SK) and the Province of Treviso (IT)

13:30 Interreg MED Project Edufootprint: when change starts in schools

Ms Marina Coghetto, Building Estate and Public Tenders Department, Italy

13:50 Questions and answers

14.00 Closure of the Workshop and light lunch for the participants

The programme might change

Buildings don't save energy, people do!

HOW TO REGISTER

To register, you are kindly requested to visit the following link

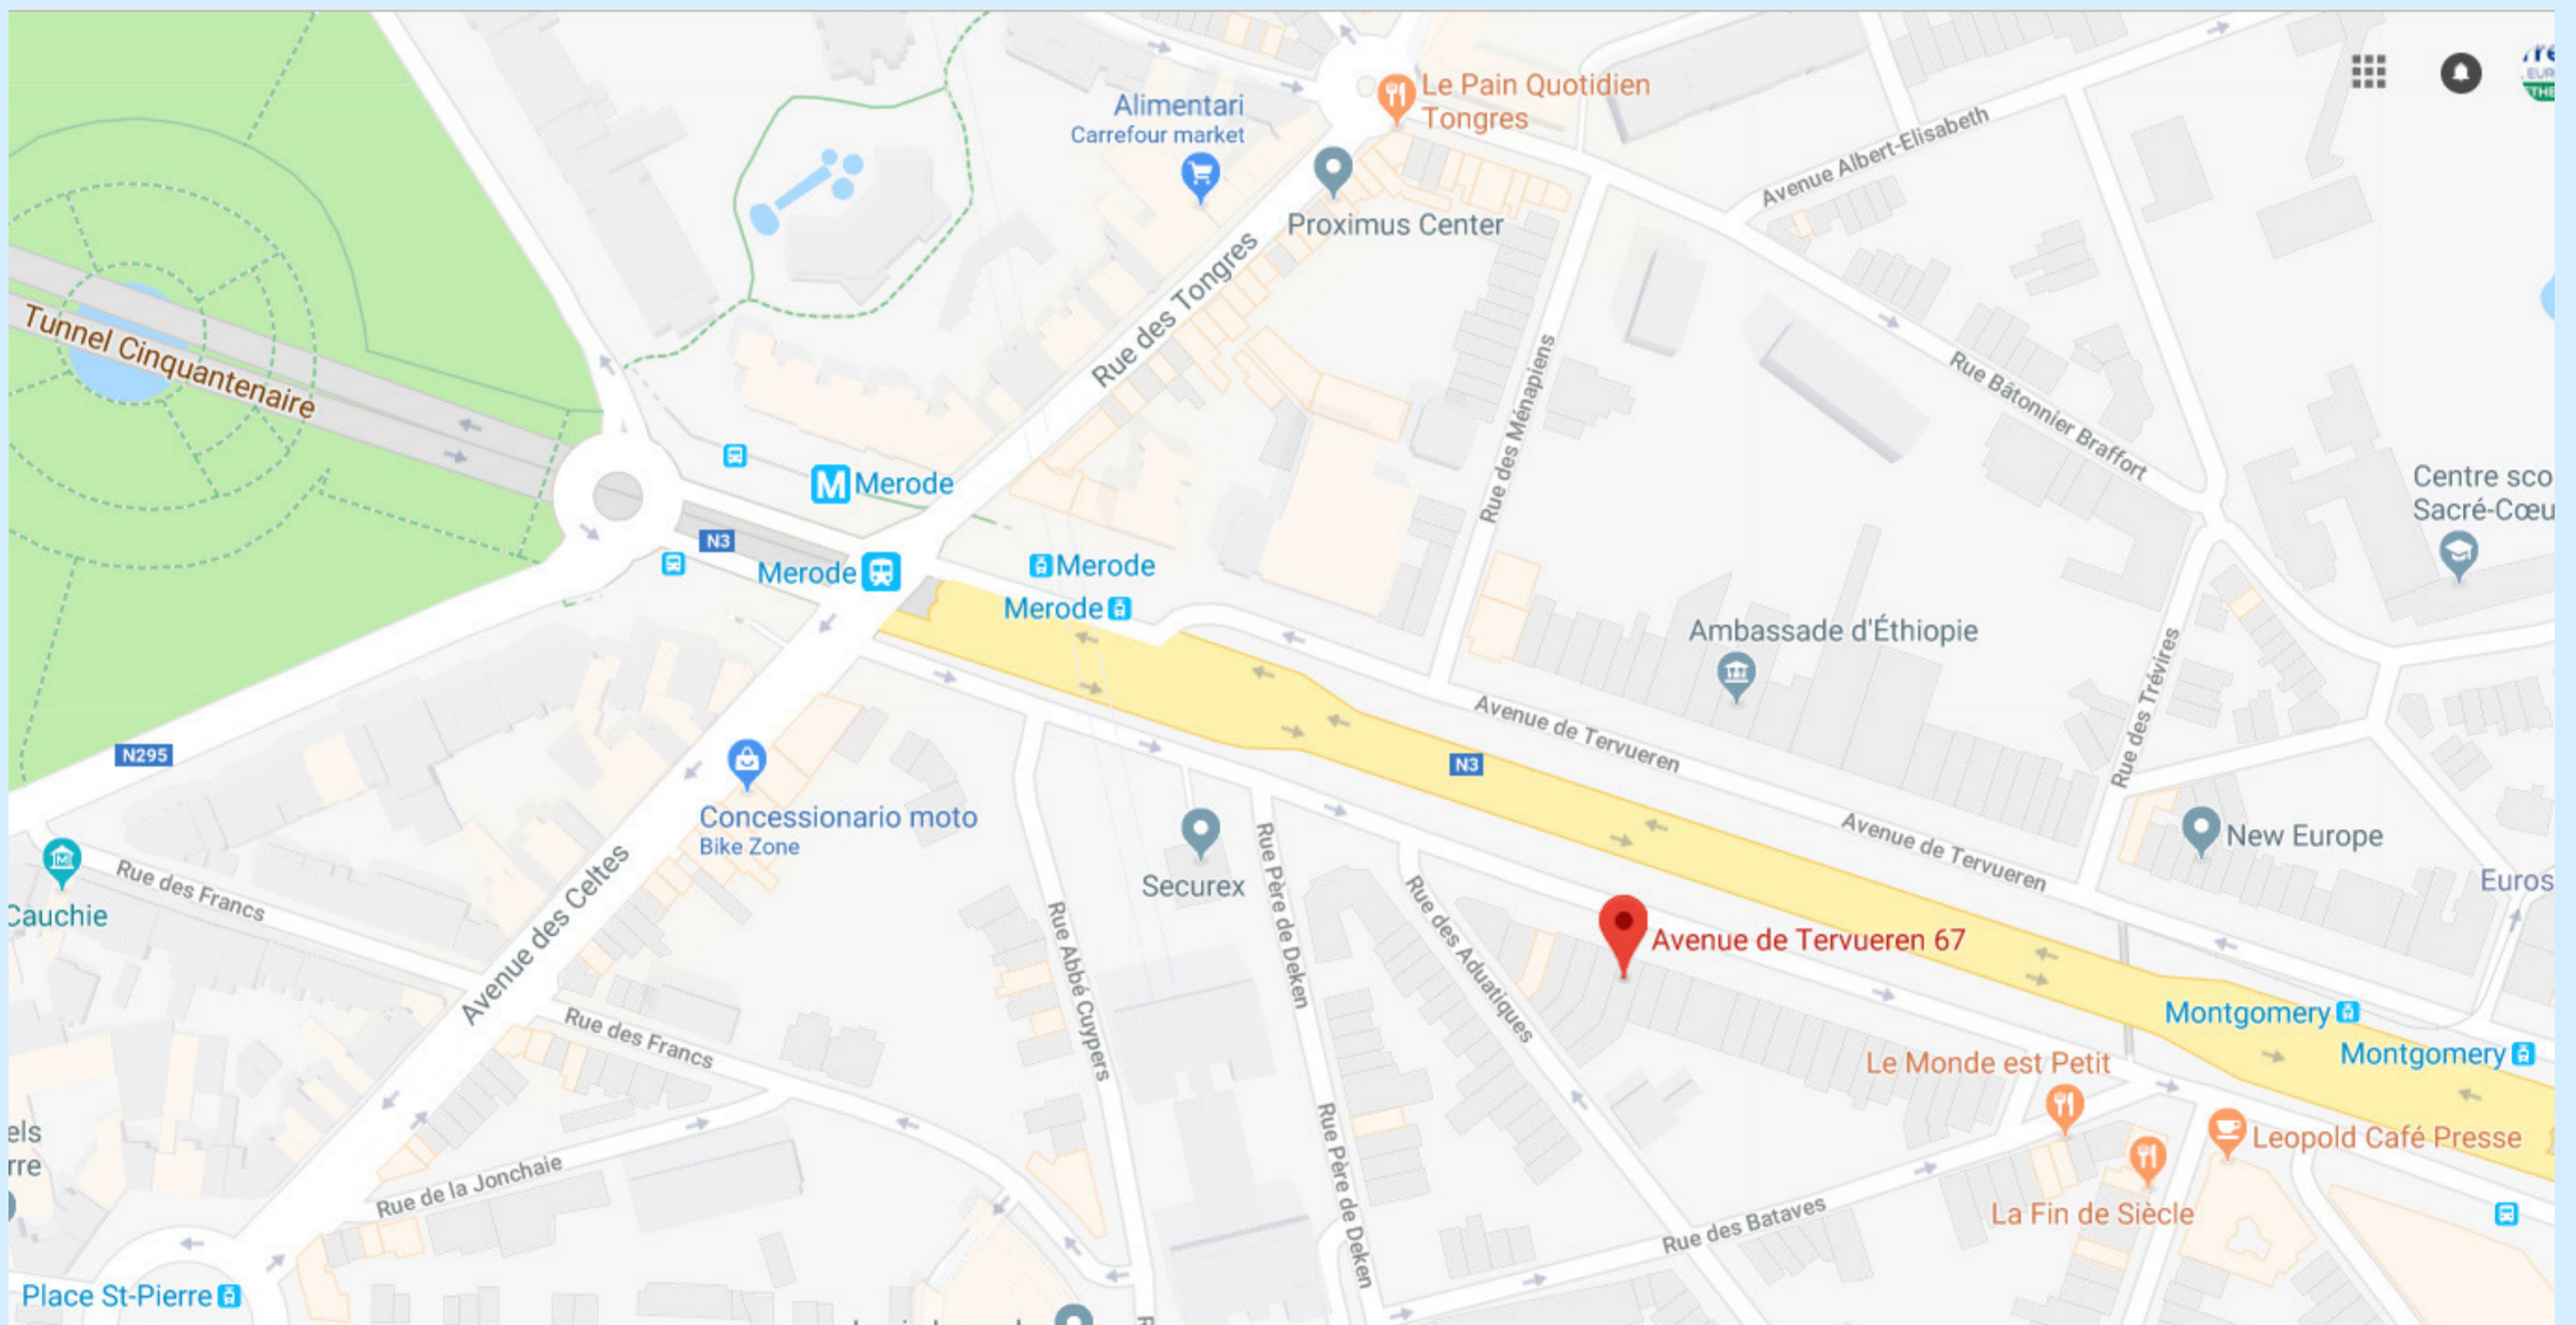

<http://www.pnec.org.pl/en/component/content/article/604-registration-form>

There is a limited capacity of 55 seats that will be available until they last. Registration confirmation letter will be sent to the e-mail address given for your registration. If you have any questions regarding the workshop or have problems with registration, please contact the Association of Municipalities Polish Network “Energie Cités” at e-mail address: biuro@pnec.org.pl or at phone number: +48 12 429 17 93.

For more information, please write to:

Ms Patrycja Plonka patrycja.plonka@pnec.org.pl

Ms Federica Giandolo europa@provincia.treviso.it

Early-bird registrations are recommended!
See you in Brussels!
