# RegiaMobil

Budapest University of Technology and Economics (BME) is one of the largest higher educational institutions in engineering in Central Europe. In RegiaMobil BME has taken the role as the leader of Work Package T2 (WP T2). In the RegiaMobil project, as WP leader, BME will assess the demonstration projects in both the planning and the implementation phase using smart mobility approach. The support is based on the knowledge of previous projects. In WP T2, 6 work papers have been created, about the lessons learned from previous Horizon 2020 and Central Europe projects. Special emphasis was put on the involved stakeholders, applied methods, realized pilot actions, and knowledge to transfer, which can be capitalized in the currently ongoing RegiaMobil project.

*Team:*

*Dr Domokos Esztergár-Kiss*

*International project coordinator*

*Aba Attila*

*Assistant research*
