Project results & Horizontal principles

Project results

Please indicate the progress made in achieving the expected project results considering the chosen result indicators. Please explain how far the implementation of project activities and outputs has already contributed or led to the expected change compared to the initial situation. Please insert only a quantification if the result is achieved and the respective supporting documents are uploaded. In case of multiple files per result please upload them as one zip file. Double-counting of the same result within different JARs has to be avoided.
