

CONE

CONE - CITIES OF NATURE:

Nature-Based-Solutions in Urban Living Labs aims to establish five urban Living Labs to apply nature-based solutions as a cross-sectoral, more digitally-driven and democratic approach to climate change mitigation and adaptation.

This project is supported by the Interreg CENTRAL EUROPE Programme with co-financing from the European Regional Development Fund.

OUR GOALS:

Establish 5 Living Labs to apply nature-based solutions in local contexts

Increase resilience of cities to climate change and natural disasters

Implement tailored measures with a participatory approach and foster climate change adaptation policies

TACKLING CLIMATE CHANGE IN CITIES TOGETHER WITH THEIR CITIZENS!
