

Invitation

The European Green Belt - A Model for Biodiversity and European Cooperation
5 November 2025 | 10:30-12:30 CET | European Parliament, Brussels (room Antall 6Q1)

Dear Partners and Friends of the European Green Belt,

We are pleased to invite you to the final conference of the EU funded ReCo project, taking place on 5 November 2025, from 10:30 to 12:30 CET, at the European Parliament in Brussels (room Antall Q61).

The conference will be hosted at the European Parliament by Prof. Danuše Nerudová, Member of the European Parliament (EPP, CZ), ENVI Committee, and is jointly organised by Mr. Michal Servus, Deputy Minister at the Ministry of the Environment of the Czech Republic, and Dr. Liana Geidezis, Head of the National Green Belt Competence Center at BUND Germany.

The event will explore the European Green Belt as a model for biodiversity restoration and cross-border cooperation, bringing together Members of the European Parliament - Prof. Danuše Nerudová, Dr. Jutta Paulus, and Michal Wiezik - as well as representatives of the European Commission, national authorities, project partners, and civil society actors from across Europe.

The programme combines political perspectives, concrete project achievements, and a forward-looking debate on Europe's restoration agenda.

You will find the conference programme attached.

To foster informal exchange, we warmly invite you to join a light lunch following the conference, starting at 12:30 CET. This will offer an opportunity to continue discussions in a more personal and relaxed setting. Additionally, coffee, tea and refreshments will be available from 10:15 CET for early arrivals.

As the number of places at the conference is limited (maximum 50 external participants), we kindly ask you to complete the registration form by 26 October 2025:

Please note: the registration form also collects the information required for access to the European Parliament. We will confirm your participation by 28 October 2025.

We would be very pleased to welcome you in Brussels.

Best regards,

Michal Servus & Liana Geidezis
