## SME Success Story

*RehAllianCE - Strengthening the innovation capacity of SMEs in the rehabilitation sector*

## SMART CONNECTED SOLUTIONS FOR PEOPLE AND STRONG PARTNERS

**Company: ILOGS HEALTHCARE GMBH**

### ***The Challenge***

ilogis healthcare aimed to validate a home-based rehabilitation support system integrating a wearable monitoring device and a digital platform. Key objectives included improving access to rehabilitation, increasing patient adherence, ensuring safety, and testing usability and scalability in real-world settings.

### ***The RehAllianCE Support***

Through the services provided by RehAlliance, ilogs healthcare successfully implemented and validated its solution in a real-world pilot. The support enabled technical feasibility testing, user behavior insights, and validation of operational workflows and business models, providing a strong foundation for future scaling and deployment.

### ***SME Testimonial***

*Participating in RehAllianCE has been highly valuable for ilogs healthcare company as a technology partner. The pilot confirmed that digital tools can improve access to extramural rehabilitation, strengthen adherence, and add real safety through SOS support during exercises and daily life. Collaboration with CUAS was efficient and professional, and the structured feedback helped us further refine our platform and service model for Active Assisted Living and remote care.*
