SME Success Story

RehAllianCE - Strengthening the innovation capacity of SMEs in the rehabilitation sector

EXPANDING TELE-REHABILITATION THROUGH EUROPEAN COLLABORATION

Company: IMAGINARY SRL

The Challenge

imaginary srl developed REHABILITY, a game-based tele-rehabilitation solution already at an advanced stage of development. The company aimed to increase its international visibility, establish new contacts abroad, and identify strategic partners to support future cross-border collaboration.

The RehAllianCE Support

Through RehAllianCE, imaginary srl participated in matchmaking and transnational networking activities aimed at increasing international visibility and fostering new collaborations. The company appreciated the partners' commitment and the opportunity to engage with the wider rehabilitation ecosystem, laying the foundations for future cross-border collaboration.

SME Testimonial

The RehAllianCE partners demonstrated a strong commitment to supporting our company and adapting the services, within the project's framework, to achieve the best possible outcomes.
