7.	DATA PROTECTION AND PROCESSING.....	4

1. Preamble

The undersigned partners of the **TNISIHUB network**, building on the principles of the **TASK4ISI project** and the **TNISIHUB Framework**, affirm their commitment to sustaining and expanding transnational cooperation beyond the lifetime of the project. We as partners recognize the added value of inclusive entrepreneurship, peer learning, and collaborative innovation for underrepresented entrepreneurs across Europe.

2. Legal Nature of the Memorandum

This memorandum constitutes only a declaration of agreement on the principles of cooperation by the signatories and does not entail any financial obligations for any of the signatories.

3. Vision & Mission

The TNISIHUB network serves as a **transnational umbrella for locally and regionally established ISIHUBs**, creating a cohesive structure that fosters cross-border cooperation and knowledge sharing. While individual ISIHUBs operate locally to support inclusive entrepreneurship, the TNISIHUB provide a platform for collective growth, enabling regional ISIHUBs to benefit from transnational exchanges and a broader collaborative network. The 5 regional/local ISIHUBs serve as the centres of main activities and the TNISIHUB is based on their experience, their participants, providing a transnational level.

Through this transnational cooperation, **TNISIHUB amplifies the impact** of individual ISIHUBs, fostering innovation and creating a shared capacity for inclusive entrepreneurship management on a regional, national, and EU scale. The value of scaling ISIHUBs to a transnational level lies in expanding access to resources, networks, and shared experiences for members from similar backgrounds.

TNISIHUB sessions will be conducted in **English**, and each project partner responsible for regional ISIHUBs is tasked with inviting a participant to each TNISIHUB meeting.

The TNISIHUB shall remain an active, light, yet impactful platform to:

- Strengthen transnational cooperation and peer learning among ISIHUBs,
- Support the inclusive entrepreneurship ecosystem at regional, national, and EU levels,
- Create lasting value through shared tools, events, and resources,
- Ensure inclusive and sustainable engagement beyond project boundaries.

4. Shared Commitments

Partnership & Engagement

- **Partners sign this Memorandum** as a declaration of intent for continued collaboration.
- Each ISIHUB commits to sustaining active participation and information exchange.

- Join the LinkedIn group and actively share updates, opportunities, and insights to strengthen our collective learning and collaboration.

Communication & Knowledge Sharing

- A **LinkedIn group** will serve as the official platform for announcements, peer learning, and transparent calls for collaboration.
- Activities, opportunities, and results will be shared openly with all members.

Governance & Roles

- A **light coordination structure** will be maintained, based on voluntary rotation among partners.
- Roles (moderator, activity lead, outreach coordinator) will be defined in the annual action plan of the network of partners of TASK4ISI program.

Inclusivity & Collaboration Principles

- All actions shall follow the principles of **transparency, inclusivity, co-creation, and fairness**.
- Translation support will be ensured when needed.

Sustainability & Funding

- Partners will **collectively seek opportunities** through EU and national programmes (e.g., Erasmus+, ESF+, CERV, EASI, Horizon, EIT).
- Co-investment and joint fundraising will be encouraged for future initiatives.

Monitoring & Review

- **Progress will be reviewed** at least annually.
- Partners will collectively evaluate relevance, engagement, and opportunities to expand.

5. Need and regularity

The TNISIHUB partners agree to **meet regularly at least once per year** after the TASK4ISI project's end starting from 2027, either online or physically, to review commitments and strengthen collaboration.

- Where possible, these meetings will be linked to transnational exchanges, conferences, or EU-level events to maximize visibility and impact.
- Flexibility in meeting formats (hybrid/online) will ensure inclusive participation across countries

6. Documentation

Partners agree to **keep basic records of TNISIHUB activities** to ensure continuity and transparency.

At minimum, this includes:

- The agenda and short summary of each meeting,
- A list of participants,
- Key outcomes or decisions.
- These will be stored in a shared online folder accessible to all partners.

7. Data Protection and Processing

For the purposes of the implementation, documentation, administration, reporting, communication, and audit of the TASK4ISI project, the personal and organisational data included in this document may be processed by Impact HUB Nonprofit Kft. (Project partner nr. 9)

This may include, in particular:

- the name of the organisation,
- the name of the authorised representative or signatory,
- signatures

Such data shall be processed solely for purposes connected to the TASK4ISI project and related ISI-HUB/TNISIHUB activities, in accordance with the applicable data protection legislation, including Regulation (EU) 2016/679 (GDPR).

Impact HUB Nonprofit Kft. shall ensure that such data is processed only to the extent necessary, kept securely, and retained only for the period required by applicable legal, contractual, and project-related obligations.
